

Mediterranean Advanced Airway Management Course, 12th May 2018

Dear Colleague

The Guy's Advanced Airway Management Course (GAMC) has now successfully run its 12th course in central London. Now for the first time, the GAMC has joined forces with the Anaesthesiology Society of Cyprus to run the first Mediterranean Advanced Airway Management Course in Cyprus on the 12th May 2018.

The course will comprise a morning of talks and debates by internationally renowned airway experts including Dr **Imran Ahmad**, who is the course director for the GAMC course in London as well as being author for Difficult Airway Society (DAS UK) guidelines and lead for Airway Management at Guy's Hospital in London. Other distinguished speakers are Dr **Anil Patel**, current DAS president, Dr **Jairaj Rangasami**, ex-DAS president and Dr **Gunjeet Dua**, organizer of the DAS UK airway workshops 2018 in London.

The afternoon will comprise of DAS approved workshops in Advanced Airway Management as detailed below to include the exciting new advance in 3D Airway reconstruction, Virtual Endoscopy; a software available for free for all anaesthetists to get training in and use.
