

Nephrologist

On behalf of our client, a modern and award-winning private hospital in Sønderborg, a picturesque city in South Denmark, we are seeking a talented Nephrologist to join the dynamic team in the Medical Diseases Department.

Candidates' Profile:

- Specialized in Nephrology
- Experienced and interested in internal medicine
- Desiring the professional development of the speciality
- Thinking innovatively in the development of new solutions and collaborations

Working Conditions:

- Coordinating and managing inpatient nephrology and internal medicine pathways
- Providing on-call emergency nephrology care
- Leading nephrology ward rounds and monitoring hospitalized patients
- Offering nephrology consultations to GPs and other departments
- Supervising and managing hemodialysis patients
- Treating and managing patients in the nephrology outpatient clinic
- Conducting internal medicine ward rounds for patients with diverse medical conditions
- Setting aside one day per month for administrative duties
- Creating and revising nephrology-specific protocols and clinical guidelines

Employer offers:

- Permanent contract
- Annual salary of €118.000 (including pension benefits)
- 37-hour working week with 6 weeks of paid holiday
- Free trip to Denmark and assistance with the authorization process
- Free language course after relocation and integration support from the employer
- Close cooperation with the senior consultant and collaboration with internal medicine specialties
- Interdisciplinary teamwork focused on patient care
- Flexibility in role and work conditions
